FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. (Example- use only shielded interface cables when connecting to computer or peripheral devices).

FCC Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Caution!

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user authority to operate the equipment.

ISEDC RSS warning

This device complies with Industry Canada licence-exempt RSS standard (5). Operation is subject to the following two conditions:

(1) this device may not cause interference, and

(2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux limites d'exposition au rayonnement RF ISED établies pour un environnement non contrôlé.

L'utilisation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

ISEDC Radiation Exposure Statement

This equipment complies with ISEDC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet appareil est conforme aux limites d'exposition au rayonnement RF ISEDC établies pour un environnement non contrôlé.

Cet émetteur ne doit pas être co-implanté ou fonctionner en conjonction avec toute antenne ou transmetteur.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Declaration of Conformity**

We, the manufacturer:
Shenzhen Rapoo Technology Co., Ltd.
Fax: +86-0755-2858 8555

Declare that the product:
Product Name : Virtual 7.1 Channels Gaming Headset
Model No.: VR-1530

Complies with the following norms of:
EN 300 440 V2.1.1(2017-03)
EN 300 328 V2.1.1(2016-11)
EN 301 489-1 V2.2.0(2017-03)
EN 301 489-17 V2.2.0(2017-03)
EN 50663:2017
EN 62479:2010

The product is in compliance with the essential requirements of Radio Equipment Directive 2014/53/EU and the RoHS Directive 2011/65/EU.

Manufacturer/Authorised representative:
Kai Guo Manager
